Identical letters dated 8 February 2017 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

I am writing to inform you of the latest Lebanese violations of Security Council resolution 1701 (2006), as well as breaches of Israeli sovereignty, from August 2016 to January 2017. Comprehensive lists of the violations and breaches are attached (see annexes I to VI).

As outlined below and in previous letters that I have sent, Lebanese violations of the Blue Line, and Hezbollah's armed presence in southern Lebanon, are daily occurrences.

It is also important to note that Hezbollah operatives continuously obstruct the work of the United Nations Interim Force in Lebanon (UNIFIL) in its area of operations. Such incidents were reported by UNIFIL just last week, when two UNIFIL patrols were attacked by "groups of aggressive men" on 3 February.

Obstructions to the Interim Force's freedom of movement by Hezbollah undermine the Force's ability to fulfil its mandate and are a clear violation of resolution 1701 (2006).

Hezbollah's illicit activity in southern Lebanon causes dangerous tensions in an already precarious environment. The international community must take a strong stand against Hezbollah's destabilizing actions in the region.

Despite their visibility and regularity, the vast majority of Lebanese violations of resolution 1701 (2006) have been consistently excluded from previous reports of the Secretariat.

It is imperative that reports presented by the Secretary-General to the Security Council on the implementation of resolution 1701 (2006) accurately represent the situation on the ground, clearly identify those responsible for violations of the resolution and demand that the Lebanese Government abide by its commitment under resolution 1701 (2006).

I should be grateful if you would have the present letter and its annexes distributed as a document of the Security Council.

(*Signed*) Danny **Danon**
